Pathways from Program to Strategy

Which pathway will your organization take to move from program to strategy?
Developing and implementing an internal vision for strategic engagement? Building capacity of your partner agencies through strategic volunteer engagement and training? Through funding?
Another pathway?

	Internal Vision for Strategic Engagement	Building Capacity of Departments or Partner Agencies	Other
What does your organization already do in this regard?			
What else would you like to do to move you to this "destination"?			
Whom should you involve in this new effort?			
How will you know if you are successful?
